COLLABORATIVE INFORMATION MANAGEMENT SYSTEM
THIS IS A DEPARTMENT OF DEFENSE COMPUTER SYSTEM
This computer system, including all related equipment, networks, and network devices (specifically including Internet access and access to restricted sites) are provided only for authorized U.S. Government use. DoD computer systems may be monitored for all lawful purposes, including to ensure that their use is authorized, for management of the system, to facilitate protection against unauthorized access, and to verify security procedures, survivability, and operational security. Monitoring includes active attacks by authorized DoD entities to test or verify the security of this system. During monitoring, information may be examined, recorded, copied and used for authorized purposes.
All information, including personal information, placed or sent over this system may be monitored. Use of this DoD computer system, authorized or unauthorized, constitutes consent to monitoring of this system. Unauthorized use may subject you to criminal prosecution. Evidence of unauthorized use collected during monitoring may be used for administrative, criminal, or other adverse action. Use of this system constitutes consent to monitoring for these

All CIMS Users using NMCI Desktops. The type of CLIN bought will impact your ability to load any software or for that matter any form of Plugins required by any of your exployer applications. NMCI users based on their selected CLIN must specify to NMCI that they need access to use Citrix 32 Bit Web ICA Client 6.X . We prefer 6.2 0r higher. This is an approved plugin. Older versions of the CITRIX client may not work due to the fact that we enable 128 bit encryption. If this becomes a problem we can go back to lower levels of encryption but would prefer to avoid that. If required to specify a specific application please request access to CISEA database and/or CIMS.
~The CIMS Team

INSTALLING CITRIX ICA CLIENT
TO ACCESS CIMS METAFRAME TERMINAL SERVER IS REALLY EASY!
CLICK ON THE LINK THAT APPLIES TO YOU, THEN THE PLUG-IN WILL PROMPT YOU TO INSTALL.
SPAWAR HQ USERS (WITH CDI MACHINES)
- Plug-in Installation Required
EVERYONE ELSE (NON-CDI MACHINES)
- Citrix ICA Client Plug-in Installation (required to install CIMS)
NMCI USERS (WITH NMCI MACHINES)
- Please note the advisory.
DOWNLOADING CITRIX ICA CLIENT
IF YOU RATHER INSTALL THE ICA WEB CLIENT YOURSELF.
YOU MAY VISIT THE CITRIX DOWNLOAD SITE, HERE.
YOU WOULD WANT TO DOWNLOAD:
ICA (Independent Computing Architecture) 32-Bit Clients
Used for connecting to WinFrame/MetaFrame servers via a network or dial-up connection.
(WinNT 3.51+, Win95, Win98, ME, 2000)
ONCE THE ICA CLIENT IS DOWNLOAD AND INSTALLED... RETURN HERE TO ACCESS CIMS.
